membership means choice

	Professional Membership	Executive Package
	The foundation of WEF Membership is the philosophy that every individual member, working in water quality, contributes to making our world a better place to live, and is considered a Professional Member.	Includes a comprehensive suite of WEF member benefits, designed to supply senior level professionals with access to water knowledge, the ability to stay current in the field, and the tools needed to make sound decisions

Access to the University Center Online Career Resources, Student Chapters and local WEF MA listings, and WEFTEC for Students		

Operations Package

Designed for individuals involved on a daily basis in wastewater treatment, collection, or laboratory operations. This package allows operators access to training, updated information, and a stronger connection with peers, like them, who are working to make our world a better place to live.

Young Professionals Package

Designed for emerging leaders within the water quality profession who are either new to WEF membership or making a transition from being a student member to a Professional member.

Eligibility requires up to five years work experience in the industry and less than 35 years old. Valid for the first three years of WEF membership.

Academic Package

Designed for Professors and Teachers interested or involved in subjects related to the water quality industry.

Student Package

Designed for the specific needs of students—offering a solid foundation on which to build careers and gain credibility with water quality leaders.

Students must be enrolled in a minimum of 6 credit hours in an accredited college or university and provide written documentation verifying their student status, signed by a faculty member or advisor on official school letterhead within 30 days of joining.
