2024 NATIONAL WATER POLICY FLY-IN

The National Water Policy Fly-In is an opportunity for you to engage directly with Members of Congress, the EPA, and other federal agencies on the most important federal legislative and regulatory matters. Join with other water professionals from across the nation to make the National Water Policy Fly-In — which is part of Water Week 2024 — the largest annual grassroots advocacy event for water policy issues.

AREAS OF FOCUS AND AGENDA WILL INCLUDE:

- Infrastructure Funding and Financing
- Workforce Development
- Affordability
- Stormwater
- Biosolids
- PFAS
- Research & Development
- Young Professional networking and professional development
- WEF Government Affairs Committee meeting
