JULIANNE JONES

I have been at WEF since March 2018. Before joining WEF, I did my bachelors in business at Virginia Tech and then my masters/worked in Frankfurt, Germany for 6.5 years.

My 5-year-old pup Willow that keeps me busy with her crazy antics and will make herself known at some point in our WLI calls. I spend my free time volunteering at the Animal Welfare League of Alexandria and have been trained to work with the dogs that need some extra training to get adopted. I also foster Guinea Pigs for the shelter. I enjoy traveling and hanging out with my 3.5-year-old nephew Charlie.

It's usually not hard to get me talking, but if you want to get to know me more, ask me about Willow, the animal shelter, Charlie, or Germany.
