

WORKSHOP B

Workshop B: Developing a Comprehensive Biosolids/Residuals Program: “Think Beyond Class B Sludge”

Tuesday, May 7th, 2019

8:30 am – 5:00 pm

- 8:30 AM** **Introduction and Objective of the Workshop**
K. Richard Tsang, CDM Smith
- 8:45 AM** **Regulations and OIG* and Impact on Biosolids Master Planning**
Laura Boczek, EPA
- 9:30 AM** **Elements of a Successful Biosolids Master Plan**
Mohammad Abu-Orf, Hazen and Sawyer
- 10:00 AM** **Networking Break**
- 10:30 AM** **End Use Market Studies (The Tail Wags the Dog)**
Lisa Challenger, Materials Matters
- 11:00 AM** **Biosolids Product Entry to the End Use Market**
Chris Peot, DC Water
- 11:30 AM** **Decision Making Tools (e.g., Envision)**
Andrea Bohmholdt, AECOM
- 12:00 PM** **Break for Lunch**
- 1:30 PM** **Master Planning Exercise**
K. Richard Tsang, CDM Smith
A case study will be presented of an actual master plan that has been recently conducted. The workshop attendees will be broken up into groups and provided with specific utility conditions. The group will work through a decision-making process by assigning weights for criteria and sub criteria matrixes.
- 2:30 PM** **Groups Breakout**
- 3:00 PM** **Networking Break**
- 3:30 PM** **Groups Present Results and Recommendations**
- 4:30 PM** **Recap and Discussion**
