WEF is Now Accepting Applications for the 2019 National Municipal Stormwater and Green Infrastructure Awards

ALEXANDRIA, Va., April 9, 2019 – The Water Environment Federation (WEF) is now accepting applications for the National Municipal Stormwater and Green Infrastructure Awards Program. Phase I and Phase II municipal separate storm sewer system (MS4) permit holders are invited to submit applications by May 10, 2019.

The winners will be announced this summer following an expert committee review and selection process. Each applicant will be designated a bronze, silver, or gold community within the categories of both program management and innovation.

WEF also will identify high-performers in program management and innovation. The Phase I and Phase II communities with the overall highest score will be recognized this fall at WEFTEC 2019.

The MS4 awards program launched in 2015 through a cooperative agreement with the U.S. Environmental Protection Agency. Click [here](#) for more information about the program.

About WEF

The Water Environment Federation (WEF) is a not-for-profit technical and educational organization of 35,000 individual members and 75 affiliated Member Associations representing water quality professionals around the world. Since 1928, WEF and its members have protected public health and the environment. As a global water sector leader, our mission is to connect water professionals; enrich the expertise of water professionals; increase the awareness of the impact and value of water; and provide a platform for water sector innovation.
