DIGITAL PROGRAMMING

2020 SPONSORSHIP OPPORTUNITIES

Digital Conference Sponsorship – Exclusive

\$6,200 member / \$7,750 non-member

Sponsoring a digital conference will reinforce your brand with participants. The Digital Conferences will feature recorded videos from speakers set to present at 2020 Conferences. They were designed for participants to learn at their own pace and earn PHDs by taking a quiz at the end of each session.

Company name recognition on WEF Digital Programming introduction page, in addition to a custom banner or company logo with embedded video.

Thank you for participating in the 2020 Odors & Air Pollutants Digital Conference!

We hope that you will find this material useful. In the sections below you can find curated technical sessions with recorded presentations that you can watch at your convenience.

If you are interested in claiming PDH credits, there is a quiz that may be completed for each session. Completing this quiz will allow you to download the PDH certificate for that section.

If you have any questions regarding the technical program, please email OAP2020@wef.org. If you have encountered any issues with course functionality, please email onlinelearning@wef.org.

Stormwater Digital Conference

Course Access: Opens on Thursday, April 16

The Stormwater Digital Conference features recorded videos from speakers set to present at the National Stormwater Symposium. Designed for participants to learn at their own pace, this digital conference will focus on the following five engaging and innovative topics selected by the Symposium Steering Committee:

1. Stormwater Worldwide
2. Performance of Post-Construction Control Measures
3. Influence and Action - Outreach, Education, and Training Strategies
4. Program Development, Planning, Management, and Analysis
5. Sustainable Solutions to Climate and Flooding

Earn PDHs by taking the quiz at the end of each session.

Cost:
Member: \$389 | Non-member: \$589

Customized email sent to the last 3 years of registrants for the 2020 Odors and Air Pollutants, Residuals and Biosolids, or Collection Systems Conference.

One contextual tweet to **WEF's 28,200 twitter followers** @weforg and one contextual Facebook post to **10,200 Facebook followers** from WEF's account.

A screenshot of a customized email newsletter. The header features the WEF logo and the text 'TECHNOLOGY PLATFORM' in large white letters against a blue background with light trails. Below the header, there are two main sections. The first section is for Huber Technology, Inc., featuring a 3D rendering of a 'GrifWo® Grit Trap with Integrated FOG Separator' and a text block describing its innovative two-chamber design and high grit removal efficiency. The second section is for Red Valve Company, Inc., featuring a 3D rendering of a 'CheckMate® UltraFlex™ In-line Check Valve' and a text block highlighting its 'snaps' open mechanism and lower headloss. The email also includes a banner for 'READY TO MASTER FUTURE WASTEWATER CHALLENGES?' and the ANDRITZ logo with the tagline 'ENGINEERED SUCCESS'.

Access to 2020 Odors and Air Pollutants, National Stormwater Symposium, Residuals and Biosolids or Collection Systems Conference proceedings.
