

PUBLISH A BOOK WITH WEF

Become an author for the Water Environment Federation (WEF) – a leading publisher on topics such as wastewater, stormwater, water reuse, energy, utility management, and many other water quality topics.

WEF is currently seeking authors to assist in the development of new publications in a variety of areas, with a particular focus on the following topics:

- Sustainability
- Microconstituents
- Data Analytics and Smart Systems
- Water-Energy-Nutrient Nexus
- Resilience
- Resource Recovery

Ready to Share Your Expertise? To learn how WEF can help you become an author and share your expertise, visit [accesswater.org/authors](https://www.accesswater.org/authors).
