Birds of a Feather rooms (chat rooms): 500 ppl, Webinar/Breakout rooms: 10,000 ppl	200000+	Unlimited			1000/session	Unlimited
Various pricing structure based on event needs	100% browser based, expensive base price, increases with number of attendees and features	Has meetings and other engagment capabilites not provided by other vendors.	Dealing with multiple vendors, not one contract & done. Registration & licensing through Cvent; webinar/presentations through either WebEx, On24, or GoToWebinar; exhibits & virtual aspect through Okta. These are tied together through Streamline Communications. Major event platform partner is Intrado/Inxpo		Polls and handouts; add-on platforms available. Brand new product. Has anyone used them yet?	Uses multi-cloud technology to reduce expense, increase functionality and provide ease of use.
		Partners with Evia or other vendors for production.
