

Biosolids Solutions

Maximize Resource and Energy Recovery

As municipal budgets continue to tighten, more cities are looking to expand from a traditional treatment and disposal approach to one that centers on resource recovery and extracting revenue from waste.

Veolia Can Help

We offer safe and environmentally friendly biosolids solutions that focus on performance enhancement, renewable energy, beneficial reuse, and optimization.

	Resource Recovery	Energy Recovery
Bio Thelys™ Batch Thermal Hydrolysis		✓
EXELYS™ Continuous Thermal Hydrolysis		✓
BioPasteur® Sludge Pasteurization	✓	
BioCon™ Biosolids Belt Dryer	✓	✓
SOLIA™ Solar Drying	✓	
Pyrofluid™ Sludge Incineration		✓
Struvia™ Struvite Removal	✓	
Ecrusor Depackaging System	✓	✓
Hydrotech Primary Filtration		✓

Our Engineers are available to discuss your specific applications.
