MCCORMICK PLACE CHICAGO, ILLINOIS
CONFERENCE SEP 30 – OCT 4, 2017
EXHIBITION OCT 2–4, 2017

STORMWATER CONGRESS

The WEFTEC Stormwater Congress Program provides unmatched education programming and the chance to learn from the very best thought-leaders in the sector during 15 specifically tailored technical sessions and workshops.

The Stormwater Congress encompasses all pressing aspects of stormwater management in two concurrent sessions, including:

- Climate Resilience and Flooding
- MS4 Strategies and Innovations
- BMP Research and Practices
- Real-Time Control for Stormwater
- Permeable Pavement Performance Monitoring
- Pre-Construction SWPPP Planning

...And everything in between

In addition, participants are invited to take advantage of the many other sessions in the Watershed, Collections, and Utility Management Focus Areas that may be of interest over the three days.

the **STORMWATER** PAVILION

Aisles 100/200 and 300/400 | Hall A | McCormick Place

Experience the Stormwater Pavilion, the hub of Stormwater on the exhibit floor, featuring stormwater exhibitors and a theater designed for additional programming. Two receptions also allow for networking opportunities.

WORKSHOPS AND SPECIAL EVENTS

SATURDAY, SEPTEMBER 30 | 8:30 AM – 5:00 PM

WORKSHOP 13: WEF/WE&RF INTEGRATED PLANNING: A SOLUTION FOR YOUR UTILITY?

Member: \$199 | Nonmember: \$229

This workshop is a combination of presentations, questions to presenters, open discussions, and a group work session focused on the development and implementation of an integrated planning framework. Attendees will hear from U.S. EPA, NACWA, WE&RF, and several utilities on the successes, lessons learned and the challenges associated with developing and implementing an integrated plan. Participants will also learn how to involve stakeholders in an integrated planning approach and balance the needs of various perspectives.

SUNDAY, OCTOBER 1 | 1:30 PM – 5:00 PM

SPECIAL SEMINAR: LIFE CYCLE ANALYSIS OF GREEN INFRASTRUCTURE

Member: Free | Nonmember: Free

This dynamic workshop will discuss life cycle analysis of green infrastructure and gray infrastructure as an integrated approach to stormwater management. Participants will learn from and contribute to an EPA funded project directed by Water Environment and Reuse Foundation (WE&RF), entitled "Community-enabled Lifecycle Analysis of Stormwater Infrastructure Costs (CLASIC)". Results of a national community interview of the drivers and key factors for green infrastructure implementation by utilities and municipalities will be discussed.

MONDAY, OCTOBER 2 | 12:00 PM – 1:15 PM

STORMWATER CONGRESS LUNCHEON

Member: \$40 | Nonmember: \$40

Christine Zimmer, P.Eng., M.Sc., of Credit Valley Conservation (Mississauga, Ontario, Canada) will speak about "Moving Beyond Stormwater: Changing Climate, Changing Minds." Extreme events such as drought and intense rainfall have exposed the vulnerability of North American stormwater infrastructure and highlighted the impact on public health, agriculture, transportation, world economies, water and wastewater infrastructure, and the natural environment. Her presentation will stretch you beyond your traditional comfort zone, demonstrating the need to go beyond codes and standards, to incorporate social vulnerabilities into capital works and land acquisition priorities, and to engage non-traditional partners and change behaviors.

STORMWATER CONGRESS AT-A-GLANCE

SATURDAY, SEPTEMBER 30

8:30 am – 5:00 pm	W13 WEF/WE&RF Integrated Planning: A Solution for Your Utility?
-------------------	---

SUNDAY, OCTOBER 1

1:30 pm – 5:00 pm	Special Seminar: Life Cycle Analysis of Green Infrastructure
-------------------	--

MONDAY, OCTOBER 2

8:30 am – 9:30 am	WEFTEC 2017 Opening General Session
12:00 pm – 1:15 pm	Stormwater Congress Luncheon (purchase required)
1:30 pm – 3:00 pm	215 Stream On: Restoration as a Water Quality Practice*
	216 Updates to WEF's Stormwater Initiatives*
3:30 pm – 5:00 pm	225 Trending Now: Key Research on BMP Performance*
	226 Model(ing) Cities: What Big Cities Are Doing*
5:00 pm – 6:00 pm	Stormwater Pavilion Reception

TUESDAY, OCTOBER 3

8:30 am – 12:00 pm	314 In Case It Is Not a Hoax: Climate Resilience and Flooding
8:30 am – 10:00 am	315 Whatcha Looking At: BMP Inspections*
10:30 am – 12:00 pm	323 Area 51 and Other Challenging Settings for Stormwater Management*
1:30 pm – 5:00 pm	414 Measuring Up: BMP Monitoring Design and Performance
1:30 pm – 3:00 pm	415 A Long Time Ago in a Galaxy Far, Far Away: Stormwater Design Out of This World*
	416 Blame It on the Rain: Back to the Stormwater Basics*
3:30 pm – 5:00 pm	427 Oh the Places You'll Go: Stormwater Case Studies*
5:00 pm – 6:00 pm	Stormwater Pavilion Reception

WEDNESDAY, OCTOBER 4

8:30 am – 12:00 pm	513 MS4 1-1 Strategies and Innovations in Program Development, Land Use, Regulations, and Mapping
	514 Time Out! Evaluating the Promise and Practice of Real-Time Control (RTC) for Stormwater Management
10:30 am – 12:00 pm	522 Permeable Pavement Performance Monitoring: Volume and Pollution Control*
1:30 pm – 3:00 pm	611 Pre-Construction SWPPP Planning*

* indicates ½ session
