ECI 2021-100.10

To: **NGICP PROFESSIONALS**

Dear NGICP Certified Professionals:

It is with great pleasure that EnviroCert International, Inc. (ECI) welcomes the NGICP program to the ECI community. The development efforts by WEF, the various consultants, and the countless volunteers have developed an excellent certification program. ECI is very excited about the new acquisition and the future of this program.

ECI is dedicated to making this transition as smooth and simple as possible. The full transition is expected to take approximately three (3) months to complete as ECI is integrating the myriad of tasks into our systems and programs.

Within the next two (2) weeks you will receive an email blast from ECI with detailed information on moving forward with your certifications, renewals, PDH issues, etc. We will be providing you with a dedicated staff contact name, phone number, and email to assist you with your certification issues and any questions you may have.

In the interim, if you have an immediate need or question, you are welcome to reach out to:

Melissa McKinney, Director: mmckinney@envirocert.org
Work Cell: 828-803-3564

Robert Anderson, President: Robert.Anderson@envirocert.org
Work Cell: 805.766.3950

We look forward to meeting and talking to all professionals and trainers.

Sincerely,

NATIONAL GREEN INFRASTRUCTURE CERTIFICATION PROGRAM (NGICP)

Melissa A. McKinney, QSM, CNED
Director

Robert W. Anderson, Professional Civil Engineer (15 States), Juris Doctorate, CPESC, CPSWQ, CPMSM,
CPISM, CPSWQ, QSM, QSP/QSD & ToR (California CASQA), QISP/Compliance Group Leader & ToR (California
CASQA)
EnviroCert President & Executive Director
