How to Stay COVID-19 Free at the WRRF

SEWAGE IS FILTHY
Good hygiene and PPE protect workers from most infections

WASH YOUR HANDS WELL
With soap and water for 20 seconds or sanitizer with at least 60% alcohol

DO NOT TOUCH YOUR FACE
Do not touch eyes, mouth, nose or cuts when handling sewage

WEAR PROPER PPE
Make sure you wear water proof gloves and rubber boots

CLEAN DIRTY SURFACES
Clean frequently touched surfaces with 70% Ethanol or 0.5% chlorine

HAZARD ASSESSMENTS
Consider biological hazards before performing a task

REMOVE DIRTY CLOTHES
Soiled clothes should be removed before eating or leaving work

EAT IN CLEAN AREAS
Eat, smoke or chew gum in designated clean areas

COVER SORES AND CUTS
Use clean, dry bandages to cover cuts, wounds and sores

WASH HANDS
After handling sewage, before eating, before and after toilet use

FLUSH EYES WITH WATER
If sewage splashes in your eyes, flush with clean water

LAUNDER WITH CHLORINE
Launder work clothes at the end of the day with 0.05% chlorine
