

Committee Meetings at WEFTEC 2020 – REVISED

8/18/2020

To enable the Technical Committees to meet before WEFTEC to plan any content, discussion, and other engagement during the main week of WEFTEC Connect, we propose to have the meetings occur the week before WEFTEC. To minimize the conflicts, we only have 2 tracks. We also have the time blocks set up for 90 minutes, to avoid screen fatigue.
