

2019 WEFTEC Workshops as of 8/16/19

Track	Saturday	Sunday
Industrial Issues and Treatment Technologies	W01 Refinery Wastewater Treatment 201: Advanced Curriculum	W15 Industrial Wastewater Reuse in Manufacturing Facilities: One Water Goes Private
Municipal Wastewater Treatment Process and Design	W02 Nutrient Removal Fundamentals: Relating the Science of Nutrient Removal to the Design and Operation of WRRFs W03 Game Based Modeling	W16 Design and Modeling of Advanced Biofilm Reactor Technologies for Nutrient Removal and Recovery W17 Solids Stabilization Fundamentals: Seeking the Skinny on Sludge
Facility Operations and Maintenance	W04 Wastewater Microbiology W05 Using Online Analyzers to Meet Stringent Nutrient Limits W06 Assessment and Regulation of Microbial Pathogen Indicators in Water and Biosolids Train the Trainer: Wastewater Treatment Fundamentals I—Liquid Treatment*	W18 Wastewater Microbiology W19 Advanced Workshop in Design, Startup, and Optimization of Liquid Phase Odor Control Technologies W20 Activated Sludge and BNR Process Control: Hands-On in the Real World
Residuals and Biosolids Management/Energy	W07 Greenhouse Gas Accounting for Wastewater Utilities W08 WEF/WRF Co-Digestion: What Can We Handle?	W21 Be a Hero, Get to Zero: The Journey to Energy Neutrality W22 Turning RINS Into Money: Capitalizing on Biogas Recovery Projects and Generating Revenue at WWTTPs
Collection Systems	W09 Sewer Rehabilitation Practices for Mitigating I/I: Integrated Approaches, Innovative Technologies, and Interactive Solutions	
Disinfection		SOLD OUT! W23 Pathogens and Constituents of Emerging Concern in Wastewater Effluent and Water Reuse
Water Reuse	W10 Membranes for Water Reuse: Past, Present, Future	W24 Your Water Reuse: Potable or Non-Potable?
Stormwater Management	W11 Public-Private Partnerships: What They Are and What They Aren't	Special Seminar: Advancing Green Infrastructure Through Life Cycle Cost and Co-Benefits Analysis*
Utility Management	CANCELLED W12 WEF/WRF LIFTING Your Utility with Business Process Modeling and Improvement W13 Upping Your Utility's Game in Achieving Continuous Improvement	W25 Communications Camp: Tools to Engage, Motivate, and Reassure Your Community W26 What If Clean Water is Just the Byproduct? Rethinking Resource Recovery at WRRFs
Watershed Resources Management	CANCELLED W14 River Water Quality Modeling With HEC-RAS Version 5.1	W27 Resilient Groundwater: Managing Aquifers for One Water
