**Introduction**

The Water Environment Federation Annual Technical Exhibition and Conference, also known as and referred to in this License agreement as “WEFTEC” provides its members and public conference registrants with an educational program with an emphasis on cutting edge technological advances in the fields of water and wastewater treatment, collection systems, water quality, water reuse and pollution control. The WEFTEC exhibition is an integral part of the educational offerings; products and services displayed must be related to the water quality industry and must be displayed in a manner that adheres to professional business standards and creates an ambiance appropriate for all participants at WEFTEC. This license is being granted to the Exhibitor to permit the Exhibitor to exhibit at WEFTEC. Failure of the Exhibitor to fully comply with all the terms and conditions of this license may result, in the sole discretion of WEF, in the termination of this license to participate in WEFTEC. To permit the preparation of the Exhibition in a timely manner and to create the appropriate ambiance for all the participants at WEFTEC, the policies, regulations, and procedures, including the schedule of certain activities, has been established by the Water Environment Federation. At its sole discretion, the Water Environment Federation, with or without advance notice, reserves the right to unilaterally change, amend, or waive any of these requirements. All exhibitors are required to comply with all local ordinances and the rules and regulations of the New Orleans Morial Convention Center, Ernest N. Morial – New Orleans Exhibition Hall Authority, and all local union jurisdictional rules.
